

Synchronizing Health Care Now! HIE 2021 Users' Conference

September 23 and 24, 2021

The mornings of **Thursday and Friday, September 23 & 24**, healthcare professionals, IT specialists, administrators, and government and other leaders will gather in Albuquerque and across the state for a hybrid conference. Healthcare leaders around New Mexico can learn about and discuss state and local healthcare information exchange (HIE) efforts by attending the **complimentary**, two-morning event, in person or online. In-person participants are invited to a networking luncheon on the 23rd as well*.

WHO ATTENDS? The SYNCRONYS HIE Users' Annual Conference attracts a wide range of stakeholders in health information interoperability. Whether you are a C-suite executive in health care, a clinician, health IT professional, care manager, mental health provider, public health worker, or administrator in the fields of health care delivery, post-acute care, corrections, behavioral health, diagnostic services, or payer, your work can be aided by participating in the HIE.

WHY ATTEND? Come hear how **SYNCRONYS**, New Mexico's state designated, nonprofit HIE has been making great strides with collaborators from: **NM Department of Health, NM Human Services Department, Collective Medical, eHealth Technologies, HBI Solutions, Orion Health, Rhodes Group, and Vynca**. Amid the pandemic, SYNCRONYS has been working hard to bring our healthcare community the interoperability solutions it has been requesting for years. With funding from CMS and NM HSD, SYNCRONYS is building an enviable HIE and providing funding for interfaces and workflow integration for our participants. We are bringing these advancements to you.

HIGHLIGHTS

- Learn how SYNCRONYS and its partners are working together to improve health care in New Mexico, and how you can join the effort
- Hear how NM DOH and NM HSD are working with SYNCRONYS
- Appreciate the capabilities of HBI Solutions analytic tools with HIE data behind them, and see a preview of how RS21 can support strategic planning with Community Insights
- Meet the next generation of high-value use cases developed by Collective Medical (providers of Edie™, a.k.a. PreManage ED) now available to SYNCRONYS participants
- Hear highlights of use cases from SYNCRONYS HIE Users
- Be inspired by HIE accomplishments across the nation (a panel discussion with North Dakota, Virginia, and Maine)
- Discover how SYNCRONYS is building a centralized resource for M.O.S.T. documents with vendor partner Vynca
- Learn how Rhodes Group's analytic skills, coupled with HIE data sources is moving to eliminate hepatitis C in New Mexico
- See how eHealth Technologies has made diagnostic-quality images available through an integrated DICOM viewer in the clinical portal

Our goal is to host a safe and meaningful event for all participants.

In alignment with the guidance from the CDC and the State of New Mexico's most recent health order effective August 20, 2021, masks will be required for all in-person participants and exhibitors at the SYNCRONYS conference. If you do not have a mask, we will provide you with one. Thank you, in advance, for your support and understanding. If you cannot comply with our health and safety requirements, we encourage you to switch to our online conference experience. Please email registrar@synchronys.org to switch to online participation.

FACE MASKS REQUIRED FOR IN-PERSON PARTICIPATION

*Proof of vaccination is required for the optional luncheon when masks would be removed.

*Sharing a meal with colleagues is a great way to build networks, and SYNCRONYS wants to provide that opportunity. For the comfort and safety of our participants, luncheon registrants must provide verification of COVID 19 vaccination. [VaxView](#) is a convenient option for New Mexicans to obtain this proof, and scans of other documents will be honored.
